

Fallskyddsstolpe för container

Produktinformation:

- Container Anchor post is meant to provide a temporary anchor for working on top of 20 ft & 40 ft shipping containers.
- In addition to be used as a stand alone anchor post, it can also be used to form a horizontal life line over the top of container depending upon the requirement of work to be done.
- Provides an elevated anchorage point, which reduces fall clearance.
- Comes with a side lock & tag line arrangement for secure installation by one person only.
- Can be removed without damaging the container.
- Has an anchorage allowing a 360° rotation (diam. of the anchorage eye: 20 mm, suitable for most of the connectors).

Compliance: EN 795:2012 Type B.

- **Static strength according to EN 795:2012 type B:** 12 kN.
- **Minimum breaking strength of the system:** 15 kN.

Material of components:

Steel

Height:	CE	Weight:
925 mm		14.53 kg

Artikel nr: BÖ131
